Introduction

NTC's Super-Mini English Dictionary is for persons who are seeking to improve their ability to speak, read, write, and understand American English. It is a small, portable dictionary that will help with spelling, pronunciation, part of speech, meaning, irregular forms, and the appropriate use of 8,200 senses of 7,600 common words. This dictionary defines words using the smallest possible vocabulary, but when necessary, uses additional words to define difficult concepts. In many cases, more than one definition is given to help in figuring out the meaning of a word or expression.

Many of the entry words in the dictionary have more than one sense. *Please study all the relevant senses* to make sure you have found the right one.

Nominals (*n.*) that do not follow the regular spelling or pronunciation rules in the formation of the plural are marked *irreg.*, and the form of the plural is given in the entry. Verbs (*tv.*, *iv.*) that do not follow the regular rules for the formation of the past tense and past participle are marked *irreg.*, and the proper forms are given in the entry. The comparative and superlative forms of adjectives (*adj.*) and adverbs (*adv.*) are listed when there are forms—as with *red*, *redder*, *reddest*—that replace, or that exist in addition to, the comparatives and superlatives formed with *more* and *most*. After many of the definitions, you will find comments, enclosed in parentheses, containing further information about the entry word.

Useful Spelling Rules

The following basic spelling rules equip the learner to create and identify the most important derived and inflected forms of regular English nouns and verbs. Words that have important irregular forms that do not follow these rules are identified in the dictionary.

Regular Verb Forms

Note: Many verbs that have irregular past-tense forms or irregular past participles nevertheless form the present tense and the present participle regularly.

For the third-person singular (the form used with *he, she, it*, and singular nouns) in the present tense:

- Add -s to the bare verb. If the bare verb ends in *y* preceded by a consonant, change *y* to *ie* and then add -s. If the bare verb ends in *s*, *z*, *x*, *ch*, or *sh*, add -es.

like > *Bill likes*

cry > *the baby cries*

walk > *Anne walks*

buy > *the man buys*

carry > *a truck carries*

fix > *she fixes*

pass > *it passes*

notify > *he notifies*

catch > *she catches*

For the past tense and the past participle:

- Add *-ed* to the bare verb. If the bare verb ends in *y* preceded by a consonant, change *y* to *i* before adding *-ed*. If the bare verb ends in *e*, just add *-d*.

walk > walked

like > liked

judge > judged

try > tried

carry > carried

measure > measured

For the present participle:

- Add *-ing* to the bare verb. If the bare verb ends in a single *e* preceded either by a consonant or by *u*, drop the *e* before adding *-ing*. If the bare verb ends in *ie*, change *ie* to *y* before adding *-ing*.

judge > judging

take > taking

ask > asking

carry > carrying

pay > paying

pursue > pursuing

hoe > hoeing

see > seeing

go > going

lie > lying

Doubling of consonants in participles and past-tense forms:

- When *-ed* or *-ing* is added to a word that ends in a consonant (other than *h*, *w*, *x*, or *y*) preceded by a single vowel, and the final syllable is stressed, then the consonant is normally doubled. Thus *commit* and *control*, which are accented on the last syllable, become *committed* and *controlling*, but *limit* and *cancel*, which are accented on the first syllable, become *limited* and *canceled*. Similarly, *stop* becomes *stopping*, but *look*, in which the consonant is preceded by two vowels, becomes *looking*.

Within the dictionary, forms that do not follow these doubling rules are noted in individual entries. The most typical exceptions to the doubling rules are words with a final *c* that becomes *ck* rather than doubling (e.g., *picnicking*), verbs that are compounds, and verbs with closely related noun senses or more than one pronunciation. Outside the dictionary, learners will encounter other exceptions. Variation also occurs, because sometimes another option is correct, although less familiar in American English than the option given here.

Regular Noun Plurals

To form the plural of a regular noun:

- If the singular form ends in *s*, *z*, *x*, *ch*, or *sh*, add *-es*.

kiss > *kisses*

box > *boxes*

match > *matches*

dish > *dishes*

bus > *buses*

- If the singular form ends in *y* preceded by a consonant, change *y* to *ie* and then add *-s*.

baby > *babies*

library > *libraries*

university > *universities*

butterfly > *butterflies*

- For nouns ending in *o*, the regular plural form may be formed by adding *-es* or by adding *-s*. For some words, both spellings are possible. In this dictionary, each entry for a noun ending in *o* specifies the correct plural form or forms for that word.

radio > *radios*

potato > *potatoes*

tornado > *tornados* or *tornadoes*

- For all other regular nouns, add -s to the singular form to make the plural.

table > *tables*

boy > *boys*

television > *televisions*

valley > *valleys*

An Important Note on the English Plural

The English plural makes English very difficult for adults to learn. Many English nouns cannot be made plural, unlike their counterparts in other languages. Nothing sounds more “non-English” than *advice*, *information*, or *baggage* with the plural *s* on the end. Among the American English nouns in this dictionary, there are many that the learner should not attempt to make plural—ever! In addition, many of the nouns that can be followed by the plural *s* seem to be plural but really refer to *kinds* or *types* of the noun in question. For example, when the word *margarine* has an *s* on the end, it refers to different kinds, types, or varieties of margarine.

margarine ['mɑr dʒə rɪn] *n.* a food made from animal or vegetable fats, used in place of butter; a spread for bread. (Pl only for types and instances.)

Many American English nouns can take the plural *s* while only referring to different kinds, types, instances, or varieties of the noun.

Pronunciation

The symbols of the International Phonetic Alphabet are used to show the pronunciation of the words in this dictionary. The speech represented here is that of educated people, but it is not formal or overly precise. It is more representative of the West and the middle of the country than of the East, South, or upper Midwest.

Pronunciation of American English is variable in different regions of the country, but most native speakers of American English can understand one another quite well.

The goal of the pronunciation scheme is to provide the student with one acceptable model of pronunciation for each entry. Where the numbered senses of an entry are all pronounced the same way, the phonetic representation follows the main entry word. In entries where even one of the numbered senses is pronounced differently from the rest, all the senses are provided with a phonetic representation.

Sounds represented here as [ɔr] are often pronounced as [ɔʊ] in some parts of the East. Similarly, the sequence [ɛr] is often pronounced [æɪr] in parts of the East. One heavy stress is marked for most words. The dictionary user should expect to hear variation in the pronunciation of most of the words listed in this or any dictionary, but should remain confident that the model provided here is understood and accepted in all parts of the country.

The chart on the next page shows the symbols used here and what they correspond to in some simple English words.

[ɑ]	{ stop top	[ʌ]	{ nut shut	[n]	{ new funny	[θ]	{ thin faith
[æ]	{ sat track	[ɝ]	{ bird turtle	[ŋ]	{ bring thing	[u]	{ food blue
[aʊ]	{ cow now	[f]	{ feel if	[o]	{ coat wrote	[ʊ]	{ put look
[aɪ]	{ bite my	[g]	{ get frog	[ɔɪ]	{ spoil boy	[v]	{ save van
[b]	{ beet bubble	[h]	{ hat who	[ɔ]	{ caught yawn	[w]	{ well wind
[d]	{ dead body	[i]	{ feet leak	[p]	{ tip pat	[ʌ]	{ wheel while
[ð]	{ that those	[ɪ]	{ bit hiss	[r]	{ rat berry	[z]	{ fuzzy zoo
[dʒ]	{ jail judge	[j]	{ yellow you	[s]	{ sun fast	[ʒ]	{ pleasure treasure
[e]	{ date sail	[k]	{ can keep	[ʃ]	{ fish sure	[ʰ]	{ 'water ho'tel
[ɛ]	{ get set	[l]	{ lawn yellow	[t]	{ top pot

admit [æd 'mɪt] **1.** *tv.* to allow someone or something to enter into someplace. **2.** *tv.* to allow someone to become a member of a club or organization. **3.** *tv.* to say that one has done something one is accused of; to say that something is true. (The object can be a clause with **THAT** ⑦.)

adolescence [æd ə 'les əns] *n.* the period of time between being a child and being an adult; the teenage years.

adolescent [æd ə 'les ənt] **1.** *n.* a teenager; someone who is older than a child but not yet an adult. **2.** the *adj.* use of ①.

adopt [ə 'dɒpt] **1.** *iv.* to become the parent or parents of a child through legal proceedings. **2.** *tv.* to gain possession of and become responsible for the child of someone else, through the legal system. **3.** *tv.* to acquire a new practice, belief, or habit.

adoption [ə 'dɒp fən] **1.** *n.* acquiring and becoming responsible for the child of someone else, through the legal system. (Pl only for types and instances.) **2.** *n.* acquiring a new practice, belief, or habit. (No pl.)

adorable [ə 'dɒr ə bəl] *adj.* very cute; worthy of being adored. (Adv: *adorably*.)

adore [ə 'dɒr] *tv.* to admire and be fond of someone or something.

adult [ə 'dʌlt] **1.** *adj.* mature; fully grown; fully developed. **2.** *adj.* showing the behavior of a mature person. **3.** *adj.* intended for persons who are mature. (Often used referring to sex and violence in entertainment.) **4.** *n.* someone or something that is fully grown.

adv. an abbreviation of **ADVERB**.

advance [æd 'væns] **1.** *n.* a forward motion. **2.** *n.* money that is given to someone ahead of schedule or before it is earned; a loan taken against money that is to be paid at a later time. **3.** *iv.* to progress or move forward; to move to a higher or better level. **4.** *tv.* to move someone or something forward or to a higher level. **5.** *tv.* to give someone money ahead of schedule or before it is earned. **6.** *adj.* prior; before the event. (Prenominal only.)

advantage [æd 'væn tɪdʒ] *n.* something good or useful that will help someone with something; a benefit.

adventure [æd 'ven tʃə] *n.* excitement; challenge. (Pl only for types and instances.)

adverb ['æd vəb] *n.* a word that modifies or describes a verb, a verb phrase, an adjective, a sentence, or another adverb. (Abbreviated *adv.* here.)

advertise ['æd və taɪz] **1.** *iv.* to make [something] known to the public, especially through signs, television, radio, newspapers, or magazines. **2.** *tv.* to make something known to the public through signs, television, radio, newspapers, magazines, or other means; to publicize something. (The object can be a clause with **THAT** ⑦.)

advertisement [æd və 'taɪz mənt] *n.* a commercial; a notice about something, displayed to the public.

advice [æd 'vaɪs] *n.* recommendations or suggestions provided to help someone. (Compare this with **ADVISE**. No pl. Number is expressed with *piece(s)* or *bit(s)* of *advice*.)

advise [æd 'vaɪz] *tv.* to give [someone] a particular kind of advice; to suggest doing something. (The object can be a clause with **THAT** ⑦.)

advocate **1.** ['æd və ket] *tv.* to be in favor of something and argue for it. **2.** ['æd və kət] *n.* someone who does ①.

affair [ə 'fer] **1.** *n.* a matter that needs attention; business. **2.** *n.* a temporary, intimate relationship between two people who are not married to each other. **3.** *n.* a party; a social function.

affect [ə 'fekt] **1.** *tv.* to influence someone or something; to have an effect on someone or something. (Compare this with **EFFECT**.) **2.** *tv.* to display or exhibit a kind of behavior, especially by pretending or imitating.

affection [ə 'fek ʃən] *n.* love, caring, or fondness. (No pl.)

affirmative [ə 'fə mə tɪv] *adj.* meaning *yes*.

afford [ə 'ford] *tv.* to be able to buy something.

afraid [ə 'fred] *adj.* fearful of someone or something; scared of someone or something. (Not prenominal.)

after ['æf tə] **1.** *conj.* later in time than when something happens; when something has finished happening. **2.** *prep.* at a later time than something; later in time than something. **3.** *prep.* further along in a sequence or series than someone or something. **4.** *prep.* in the name of someone; in honor of someone; for someone. **5.** *adv.* behind; to the rear; following.

afternoon [æf tə 'nʌn] **1.** *n.* the time of day from noon until the evening. **2.** the *adj.* use of ①. **3.** ~s *adv.* every AFTERNOON.

afterward(s) ['æf tə wəd(z)] *adv.* after; following; later.

again [ə 'geɪn] **1.** *adv.* once more; another time. **2.** *adv.* as [something was] before.

against [ə 'geɪnst] **1.** *prep.* in opposition to someone or something; as an opponent of someone or something. **2.** *prep.* in a direction opposite to something. **3.** *prep.* coming toward and meeting someone or something. **4.** *prep.* [leaning or tilting and] in contact with someone or something.

age ['edʒ] **1.** *n.* the amount of time that someone or something has been alive or in existence. (No pl.) **2.** *n.* advanced ①; evidence of much ①; oldness. (No pl.) **3.** *n.* the specific ① of a person, usually given as a number of years; the specific ① of something. **4.** *n.* [for a person] the condition of having a certain ③; the time when a person has a certain ③. (The number comes after *age* and refers to years, unless some other measure is given, such as months, weeks, or days.) **5.** *n.* a period or stage of life. **6.** *n.* a period of history; a generation; an era. **7.** *iv.* to become old; to show increasing ①. **8.** *iv.* [for cheese, wine, whiskey, beef, etc.] to mature; to reach a peak of quality, taste, and strength. **9.** *tv.* to cause someone or something to grow old or appear old.

agent ['e dʒənt] **1.** *n.* someone who represents someone else; someone who sells certain things such as insurance, travel, tickets, land, buildings, etc. **2.** *n.* something that causes someone or something else to do something; something that causes some result to happen. **3.** *n.* a spy.

ago [ə 'ɡo] *adj.* in the past; [time] already gone by. (After a noun that expresses a length of time.)

agony ['æg ə nɪ] *n.* an intense, deep pain in the mind or the body; a deep suffering. (Pl only for types and instances.)
