Daddy?

Yes, Carrie?

Where are you running off to?

To the beach with my friends. I need to borrow some money.

Carrie, it's about time you learned the value of a hard day's work.

If you want money, you'll need to think about getting a job.

Oh, God...

Please, Daddy, I only need \$20 or so. I won't ask anymore.

This will be nice.  
You and I, hanging out  
here together, catching up.

Whatever...

Just relax. Pretend  
you're at the beach.

(Hmm...)

You're right, Daddy,  
it is a nice day.

See, I told...

...C... Carrie! What on earth?!

Sorry, does this bother you, Daddy?

Uh... uh...

...no, of course not. I can take it if you can.

(Shit! Now what?)

(Wait, I know. This has got to work...)

Mmmmm...

(I can't believe he's not stopping me. He's watching!)

Looking for something?

What? No, I was only...  
uh...

...I heard you make a noise,  
I was making sure you  
were all right.

You don't have to be  
embarrassed, Daddy. You  
were checking me out!

(I should have thought of this  
in the first place...)

Want a closer look?

Carrie... what...?

Shhhh...
